

Geonics EM31 & EM38

Groundwater Imaging EM31 and EM38 Survey Pricing

All costs quoted exGST		Basic EM31 OR EM38	Combined EM31 & EM38
Mobilization & Demobilization		A\$ 1.95 per km	A\$ 1.95 per km
Either	Setup and pack up	1hr = \$100*	1.5hr = \$150*
	and Linear kms or equivalent Area (10 m line spacing)	A\$ 65 per km* A\$65 per Ha* A\$26 per Acre*	A\$ 80 per km* A\$ 80 per Ha* A\$ 32 per Acre*
or	Day rate (minimum 1 day)	A\$ 3000*	A\$ 3000*
Option - any non-standard Data Processing ⁺		A\$ 120 per hour	A\$ 120 per hour
Option - Topography (decimetre accuracy - dual frequency post processed kinematic GNSS)		A\$ 500 per survey day	A\$ 500 per survey day
+ Overnight costs away from home		A\$ 200 per night	A\$ 200 per night

Updated

2023

* So we are not caught out with troublesome sites or logistical requests, unless arranged prior, we charge the greater of the linear kilometre rate or the day rate for surveys (note the hectare rate is directly linked to the kilometre rate and just provided for convenience).
⁺Standard processing includes coloured-worm-images as kmz files (nightly), if lines are closely spaced, gridded images as kmz files, CSV files and PDF report.
